VOL. I.

POTATOES DO WELL HERE

An Absence of Early Frost Operates in Their Favor.

The acreage devoted to potatoes in Bassano and vicinity was not large this year, but what were planted are doing remarkably well and demonstrate beyond a peradventure that this section is particularly suited to the cultivation of tubers.

A. J. Wales planted a good sized patch of potatoes in the field of the Dominion Development Co. immediately west of the townsite. Mr. Wales expects to dig these potatoes shortly and states that an examination of the hills disclosed large and nicely shaped tubers that are entirely free from blight, and on the whole he predicts a fine crop.

R. H. Strathmore has a healthy crop of potatoes in his yard as far as he can find anywhere. They have never been irrigated except by occasional showers of rain and it is certain that he will have an extra fine lot of potatoes.

A. J. Macgregor also has a lot of strong vigorous potatoes growing in his yard that is certain to make a good yield. Besides there are several other small patches within the limits of this place that promise to give a good yield.

The rains of the past few weeks have had a beneficial effect on the potato patches and has developed them in a remarkable manner. Another important factor has been the entire absence of frost here in some portions of the province, and particularly in the north, there has been early frosts which destroyed many potato vines and, as a consequence, many fields of tubers were totally ruined.

The section in the neighborhood of this place being located on a low level, a little over 2,000 feet over the sea level, is free from summer frosts, which are the cause of patches located where the altitude is higher. As a result of the experience of the present year the culture of potatoes will become one of the leading industries in this section of the province in the future.

W. T. Palmer returns from his ranch on the Bow River from his farm on Berry Creek where he took a couple of loads of lumber to be used in constructing a good sized house. He brought back with him, some fine large potatoes and some radishes, the latter being large and a half. He also brought back two loads of hay. He was planted on the soil some time since and received no attention whatever in the way of cultivation, as Mr. Palmer has not been on the farm much since they were planted. Mr. Palmer is so pleased with the results of the potatoes that he is inclined to plant a considerable acreage next year, as he believes that there will be a good profit in them in this section.

THE BASSANO NEWS

BASSANO, ALTA., FRIDAY, SEPTEMBER 9, 1910.

IMPORTANT FIND OF COAL

A Seam Four Feet Wide Found by Members of Danish Colony

An important coal mine was discovered last week by the members of the Danish colony, 15 miles north of Edmonton, at Chalmers Hill. The strike is two miles north of P. Nielson's farm and only a half-mile from the new townsite. The coal seam was struck four feet below the surface, where it was ten inches wide, and after eight feet of work was done, on foot level, it was good hard coal and was proved suitable for use on traction engines working in that vicinity. The seam was uncovered on a small hill and is abundantly situated for working purposes and can be mined with great convenience. It is understood that nearly all the members of the Danish colony are taking an interest in the new find and that they are preparing to mine it extensively, and will wish to town for sale the coming fall. It is said to be a better class of coal than the Blackfoot mine, and as it is one mile inland and brought to town at all seasons of the year, will be a factor in competing with the Indians. The benefit it will be to the members of the colony is much pointed, and as that section is rapidly filling up with settlers it will be a boon to them all—Strathmore Standard.

THE MONTHLY meeting of the board of trade was held on Tuesday evening in Prince's hall, with H. Buckingham in the chair and R. C. Pegler at the secretary's desk. Considerable business was transacted.

The following named were elected members of the board: G. W. Boyd, W. Flanagan, Fred Whitley, William MacLean, Samuel Hobbs, Frank Murchison and L. Porter.

The approaching sale of 115,000 acres of the Blackfoot Indian reservation was brought up, and the sentiment of all present was in favor of holding the sale here. The Indian authorities allege as a reason for not holding the sale here is the fear that there are no accommodations sufficient here to give sleeping and eating facilities to the large crowd that will attend the sale. The members of the board said if the Indian authorities would only decide to hold the sale here that ample accommodations would be provided. On motion the secretary was instructed to write to the minister of Indian Affairs at Ottawa strongly requesting that the sale be held in Bassano.

The secretary was instructed to write to the provincial department of vital statistics requesting that a resident coroner be appointed for Bassano, to obviate the necessity of sending to other places for such an official whenever an inquest is necessary.

It was decided to assess the old members \$1.00 each in order to meet the current accounts.

There was a spirited debate concerning local school facilities which was participated in by Messrs. R. W. Shoop, Fred Whitley, R. J. Coleman and R. C. Pegler. The consensus of opinion was that the school should be located at the present site, at the building of the proposed large schoolhouse. On motion of R. J. Coleman, seconded by Fred Whitley, the secretary was requested to communicate with the board of school trustees and respectfully request that the school accommodation be enlarged sufficiently to meet current requirements.

The condition of the grades on Second avenue and on other thoroughfares and the necessity for plank crossings was brought up and discussed. On motion R. J. Coleman, seconded by R. W. Shoop, the foregoing was referred to the council with a polite request that the proposed improvements be made as soon as possible.

Mr. Whitley said that there was a public pond and in support of his contention he declared that swine had broken into his garden and damaged his crops. After he had shown some firm ground he was finally convinced by the council to establish and maintain a pond.

SETTLERS TAKE UP LAND
Calgary, Aug. 31.—The government of the Dominion of Canada entered into an agreement yesterday with a number of homesteaders to give them absolutely free title to 112 quarter sections of land at the expiration of three years, should they fulfil the requirements of the regulations in regard to residence and cultivation.

This represents almost 16,000 acres of land, or about seven-tenths of a township.

Although some of those who had waited all night did not secure the places to which they considered they were entitled in the hasty yesterday morning, there was very little complaining.

Most of those who filed yesterday had made several selections of land before they came here, and in the event of their first choice being taken before they reached the counter, they had on hand other lands which they could file, and were not forced to go away disappointed.

The staff of the lands office were kept very busy yesterday receiving applications and answering inquiries in regard to land. They expect that when the office opens tomorrow there will not be an acre left of the land thrown open yesterday morning that has not been filed on.

Very Orderly Rush
"It was the most orderly rush of homesteaders we have had in the past two years, considering the circumstances," said J. B. Stephenson, De-

LIVELY MEETING OF
BOARD OF TRADE

Adopts Resolutions in Favor of an Immediate Increase in School Accommodation—Wants Sale of Blackfoot Land to be Held Here.

THE MONTHLY meeting of the board of trade was held on Tuesday evening in Prince's hall, with H. Buckingham in the chair and R. C. Pegler at the secretary's desk. Considerable business was transacted.

The following named were elected members of the board: G. W. Boyd, W. Flanagan, Fred Whitley, William MacLean, Samuel Hobbs, Frank Murchison and L. Porter.

The approaching sale of 115,000 acres of the Blackfoot Indian reservation was brought up, and the sentiment of all present was in favor of holding the sale here. The Indian authorities allege as a reason for not holding the sale here is the fear that there are no accommodations sufficient here to give sleeping and eating facilities to the large crowd that will attend the sale. The members of the board said if the Indian authorities would only decide to hold the sale here that ample accommodations would be provided. On motion the secretary was instructed to write to the minister of Indian Affairs at Ottawa strongly requesting that the sale be held in Bassano.

The secretary was instructed to write to the provincial department of vital statistics requesting that a resident coroner be appointed for Bassano, to obviate the necessity of sending to other places for such an official whenever an inquest is necessary.

It was decided to assess the old members \$1.00 each in order to meet the current accounts.

There was a spirited debate concerning local school facilities which was participated in by Messrs. R. W. Shoop, Fred Whitley, R. J. Coleman and R. C. Pegler. The consensus of opinion was that the school should be located at the present site, at the building of the proposed large schoolhouse. On motion of R. J. Coleman, seconded by Fred Whitley, the secretary was requested to communicate with the board of school trustees and respectfully request that the school accommodation be enlarged sufficiently to meet current requirements.

The condition of the grades on Second avenue and on other thoroughfares and the necessity for plank crossings was brought up and discussed. On motion R. J. Coleman, seconded by R. W. Shoop, the foregoing was referred to the council with a polite request that the proposed improvements be made as soon as possible.

Mr. Whitley said that there was a public pond and in support of his contention he declared that swine had broken into his garden and damaged his crops. After he had shown some firm ground he was finally convinced by the council to establish and maintain a pond.

BETTER APPROACHES.

H. O. Brella and wife were in town on Thursday from their place at the ferry on the Bow River. Mr. Brella reported that the task of improving the approaches to the ferry had been in progress for a week and would be required to complete the task. He says that a very satisfactory job is being done, and as a result, when it is completed, the number of settlers that will be able to cross the river will be increased.

The settlers are now talking of a bridge across the river, where the ferry is located. They claim that the traffic is large enough to justify the province in making the expenditure necessary for the bridge. The banks on the river are well suited to bridge building. It is hoped that such a bridge will span the Bow some time next year.

Miss Golf of Calgary, will serve Bassano golf club of the Bassano Golf Club all week. Just try it.

THE LONG DISTANCE LINE

Medicine Hat People Want to Extend to Their Town.

R. C. Pegler, secretary of the local board of trade, is in receipt of a communication from Geo. W. H. Simpson, secretary of the Medicine Hat board of trade, which reads as follows:

With further reference to our correspondence concerning the long distance telephone I now enclose you a copy of a petition, which I have sent to the postmasters of Redcliff, Drows, Sarnia, Carleton Place and Brockville for signatures. Perhaps you will be able to get a similar petition signed in your town and forward same to us at your convenience. It would certainly add great weight to our request.

The petition, which emanates from the Medicine Hat board of trade, and which is addressed to John Stock, provincial deputy minister of public works, reads as follows:

Whereas, the long distance telephone is now in operation between Medicine Hat and Lethbridge, Lethbridge and Calgary and Calgary and Banff; and Whereas, at the present time the citizens of Medicine Hat and Bassano are obliged to communicate with each other by telephone via Lethbridge and Calgary;

Therefore, it is urged that the establishment of the telephone between Medicine Hat and the intervening towns to Bassano.

We, the undersigned, respectfully petition your department of public works to extend the line now running between Medicine Hat and Calgary to Bassano, and to secure signatures for it.

IS A POPULAR COMPANY

Robert McKie Concert Company to Appear Here on September 14th.

Manager, G. W. Whitley, writes that the third concert given by the McKie company has been especially fortunate in his selection of the visiting artists.

READY MADE FARMS

Settlers will adopt irrigation next year—Discuss Settlement Plans in A Week.

Calgary, August 27.—From the satisfaction expressed by the 25 English farmers in the fact that the C.P.R. placed on the ready-made farms at Strathmore, even in the face of the present dry season and their determination to continue to work the land there, it would seem that the venture has proved a success. The C.P.R. regards it as such, and they have decided to try to get up an irrigation system on similar land under like conditions at Selkirk, Cairn Hill and Crossed.

Miss Currie Love, publicity agent of the C.P.R., returned to this city from Strathmore yesterday, and she brought glowing accounts of the condition of the colony.

If they had had a good year, so Mr. H. Currie, who is a sort of chairman of the colony, declared, they would have made \$1,000 in cash on the crop. As it is, they have made enough on vegetables and poultry to tide them comfortably over until next year. The present year has taught them the value of irrigation, a system of which will be installed on their land in readiness for next year. At any rate, vegetables had grown well, and poultry to tide them comfortably over until next year.

Mr. Currie feels that it would be an advantage for them to consume direct farming rather than to grow themselves simply to grain growing. He says that if they had a good year, they would have made \$1,000 in cash on the crop. As it is, they have made enough on vegetables and poultry to tide them comfortably over until next year.

The ready-made farms have formed themselves into a happy little community. Once each week they meet and discuss plans for the betterment of the colony. They have bought machinery on the cooperative plan and have adopted the scheme of changing for land of the colony. They are thinking of building a school, as well as a church.

THE ROLL OF HONOR
Following is the roll of honor for the Bassano public school for August:

Fourth standard class, Basil Freres; third standard, Myrtle De Vine; second standard, Myrtle De Vine and Gertrude Bartlett; first standard, Allan Buckingham, Jessie Freres, Pearl De Vine, Janet Smith and Margaret Palmer.

Senior primary, Bonnie Deshaimes, Nora Houghton, Hazel De Vine, Joe Stewart and Nellie McIntyre, junior primary, Kathleen Stewart, Elaine Palmer and Willie McIntyre.

The enrollment has reached a total of 81. It was learned yesterday from Mrs. John Golden, the popular teacher.

School Inspector Smith was in town on Wednesday, paying his first official visit to Bassano. He reported that the school while here and seemed to be pleased with the manner in which it was being conducted.

J. J. Douglas was in town on Wednesday from his school 19 miles north of Dorothy. He reports that the recent rain the settlers have quit having and are now engaged in plowing and will continue doing so until the winter sets in.

Rheumatism Disappeared—When the Patient Was Treated from the System by Dr. Chase's

KIDNEY AND LIVER PILLS

Experiments are sometimes necessary and almost always expensive. It is usually wise to let others do the experimenting and profit by their experience.

When it is a matter of regulating the liver, kidneys and bowels, and driving out of the system the poisons which cause rheumatism, headache, hives and other pains and aches, experience has proven that Dr. Chase's Kidney and Liver Pills are the most effective treatment available.

They are different from ordinary bilious medicines in that they regulate the liver and bowels, as well as the kidneys, and in this way get at the very source of trouble. Let others experiment if they will. The letter shows what experimenting cost one man, and many have done what was similar to what Dr. Chase's Kidney and Liver Pills, which cost at the rate of 25 cents a box."

You can be sure of definite, beneficial results when you use Dr. Chase's Kidney and Liver Pills. One pill a day, 25 cents a box. A. C. Torcato, Edmonton, Bole & Co., Toronto. Write for true copy of Dr. Chase's

Remedy.

CANADA'S CLAPHAM JUNCTION

The "Banished Town in Canada"

Can't Wait for Megamaths

When a Canadian goes to England he has to learn that he has an accent.

It may have been told so before, but he did not believe it. In England it is forced to feel that his voice is harsh, and finally to admit that he has a "foreign" accent.

It is somewhat of a shame to know the Canadian backwoodsman, known by the name of "Clapham Junction," is a "foreign" accent.

"I was then persuaded to use Dr. Chase's Kidney and Liver Pills, and soon found relief. By following up this remedy, a thorough cure was brought about and for six months I have been free from rheumatism. It cost me at least one hundred dollars in experimenting before using Dr. Chase's Kidney and Liver Pills, which cost at the rate of 25 cents a box."

You can be sure of definite, beneficial results when you use Dr. Chase's Kidney and Liver Pills. One pill a day, 25 cents a box. A. C. Torcato, Edmonton, Bole & Co., Toronto. Write for true copy of Dr. Chase's

**DRIVE YOUR STOCK NORTH TO WINTER INSTEAD
OF LETTING THEM EAT THEIR HEADS OFF**

If you feed them hay it will cost you \$15 or \$20 a ton. In the
Spring you will have your cattle or horses, but no hay.

That Spells big expense, doesn't it?

If you buy land at \$15 or \$20 per acre, in the Spring you will have
not only your stock, but also, the land, and it will be worth
as much and--in the near future, anyway--more
than you paid for it.

And you get terms on it too, while y
have to pay cash for your Hay

ISN'T THIS WORTH THINKING OF?

You can find out all about the land and
how to reach it with your stock at

Here is a Good
Chance to get
your implements
CHEAP

TO AVOID

carrying the balance of imple-
ments over to next year I will
sell them at a big reduction
for cash.

Synopsis of Canadian Northwest Land

Regulations

Any person who is the sole head
of family, or any male over 18 years
old may homestead a quarter section
(160 acres, more or less) of available
land in the Northwest, Sas-
katchewan or Alberta. The applicant
must appear in person at the Dominion
Lands Agency or Sub-Agency for
the district. Entry by proxy may be
made at any agency, on certain con-
ditions, by father, mother, son,
daughter, brother or sister of legal-
age homesteader.

DUTIES--Six months' residence
upon and cultivation of the land in
each of these years. A homesteader
may live within nine miles of his
homestead on a farm of at least 60
acres, school ground, and occupied by
him or his father, mother, son, daughter,
brother or sister.

In certain districts a homesteader
in good standing may pre-empt a
quarter section alongside his home-
stead. Price, \$200 per acre. **DUTIES**--
Six months' residence on each of
six years from date of homestead
entry; cultivation of the land required to
earn homestead title and cultivate
the land.

Pre-emption may take a year
to complete. **Price**, \$200 per acre. **DUTIES**--Must
reside six months in each of six
years, cultivate fifty acres and erect
a house worth \$200.

Ten Sound Reasons Why You Should Buy

NA-DRU-CO
(Incorporated NA-DRU-CO)

Medicinal and Toilet Preparations

Because They are

1. Guaranteed by the largest Wholesale Drug Firm in America—the National Drug and Chemical Company of Canada, Limited.
2. Made of Purest Ingredients—every one of which has passed rigid tests for strength and purity.
3. Compounded by Expert Chemists—legally qualified to dispense prescriptions.
4. Made according to Proven Formulas—tested for years for safety and efficiency.
5. Not "Cure-Alls"—but specific prescriptions for particular ailments.
6. Non-Secret—We will furnish to you, on request, a list of the ingredients in any NA-DRU-CO Preparation. Ask your druggist.
7. A Complete Trademarked Line—inspiring practically every one you need.
8. Made in Canada—by Canadian and Canadian-born chemists.
9. On Sale Throughout Canada—wherever you need it, you can get it within 24 hours.
10. A "Money Back" Proposition—If any NA-DRU-CO preparation is unsatisfactory we will gladly refund your money.

NA-DRU-CO Headache Wafers

Stop a headache in 30 minutes. Coming to a turn of mind.

NA-DRU-CO Dyspepsia Tablets

Cure indigestion, heartburn, flatulence, indigestion—chronic dyspepsia.

NA-DRU-CO Laxatives

Act without any discomfort. Increased doses not needed.

NA-DRU-CO Baby Tablets

Relieve Baby's Ills. Especially valuable during teething.

National Drug and Chemical Company of Canada, Limited

Wholesale Branches at: Montreal, St. John, Toronto, Winnipeg, Vancouver, Victoria, London, Windsor, Regina, Calgary, Edmonton, Saskatoon, Regina, Winnipeg, Vancouver, Victoria.

Easy for the Owner

"How do you keep your lawn mower sharp?"

"I don't. My borrowing neighbors do it."

Requests on the Farm—Electric

farms and chicken-raising farms

supply of Dr. Thomas' Electric Oil

on hand, not only as a ready remedy

for its in the family, but because it is

a horse and cattle medicine of great

value. As a substitute for sweet oil

for horses and cattle affected by colic

is far more effective than any that can

be administered.

It's not to say that whenever

you see a man carrying a suit case

away, you can't tell whether he's going

to the office or to the laundry—Dr. Thomas' Electric Oil is the laundry.

BACKWOODS' PHILOSOPHY.

Being Some Extracts From Old Abe Ward's Diary.

Old Abe Ward lived many years ago in the backwoods of Northern Ontario, when those parts were only just being coming into the outside world. He was a good husband, with a kind heart and a wide old head. In fact, his memory is kept fresh by the present generation around him. One of his numerous tales of the "age of the backwoods" is as follows:

Pay away from the influence of progressive civilization. Abe thought and thought, and then he said to his wife, and even set her to work to get a new dress. He was a great talker, and when he did he would not be drawn into a conversation about himself. He was a great favorite, however, with the whole community. Even Jim Fable and Peter Baker, who were the most difficult fellows to get along with, were in high terms of him, and when one day in December morning he was found dead in his lonely shack, it was a mournful proof to test a few hours later. Travelers to those parts to-day linger long over the scene, and when they hear the strange story, they say, "Abe Ward must have been a great man."

When Abe died, among his earthly treasures were a bundle of pieces of bark on which were scratched names of those who had been seen and served and are known around him. One of these was "Abe Ward, a good man, for miles around has read the diary, but still now none of it has ever been read, and writing a bundle."

Here are some extracts from the diary, which was found in a bundle of bark. "Abe Ward, a good man, for miles around has read the diary, but still now none of it has ever been read, and writing a bundle."

"I believe the best way to a good religion is to use a good religion. I believe in the future, a good religion is to use a good religion. I believe in the future, a good religion is to use a good religion."

"I believe in the future, a good religion is to use a good religion. I believe in the future, a good religion is to use a good religion. I believe in the future, a good religion is to use a good religion."

BAD BLOOD

Is the direct and inevitable result of irregular or constipated bowels, and sluggish kidneys and skin. The human food is made of waste matter which is allowed to remain in the blood and the whole system. Dr. Williams' Pink Pills are directly on the bowels, giving them the power to regulate, filter the blood—and on the skin, opening up the pores. For pure blood and good health take

DR. MORSE'S INDIAN ROOT PILLS

Why He Was Waiting
"What are you waiting around here?" asked the officer of a sailor who was standing at the door of a church where a wedding was taking place. "I'm waiting for the bride to get married," replied the sailor, looking at his hat. "You're a woman!"

HOW ONE WOMAN REGAINED HEALTH

Utterly Helpless and Friends Did Not Expect Her to Get Better

The great fame of Dr. Williams' Pink Pills is due to the fact that they have restored to health and strength hundreds of people who were utterly helpless and believed to be incurable. One of these was the case of Mrs. Henry Britton, 124 Alexander Avenue, Winnipeg, who writes: "I had been suffering from the truth of this assertion."

"I had been suffering from the truth of this assertion. I had been suffering from the truth of this assertion. I had been suffering from the truth of this assertion."

"I had been suffering from the truth of this assertion. I had been suffering from the truth of this assertion. I had been suffering from the truth of this assertion."

"I had been suffering from the truth of this assertion. I had been suffering from the truth of this assertion. I had been suffering from the truth of this assertion."

"I had been suffering from the truth of this assertion. I had been suffering from the truth of this assertion. I had been suffering from the truth of this assertion."

"I had been suffering from the truth of this assertion. I had been suffering from the truth of this assertion. I had been suffering from the truth of this assertion."

"I had been suffering from the truth of this assertion. I had been suffering from the truth of this assertion. I had been suffering from the truth of this assertion."

"I had been suffering from the truth of this assertion. I had been suffering from the truth of this assertion. I had been suffering from the truth of this assertion."

"I had been suffering from the truth of this assertion. I had been suffering from the truth of this assertion. I had been suffering from the truth of this assertion."

"I had been suffering from the truth of this assertion. I had been suffering from the truth of this assertion. I had been suffering from the truth of this assertion."

"I had been suffering from the truth of this assertion. I had been suffering from the truth of this assertion. I had been suffering from the truth of this assertion."

NURSING SISTERS AT CAMP.

Canada's New Enslaved Lark Arrives at the Other World.

Canadian girls, like their sisters everywhere, are the popular ones, having a weakness for brass buttons. For instance, at a dance, what chance has a soldier-cadet, civilian, or even a military man? So far as Canada this feminine weakness for things military has been only passed; which is to say that the girls of the Dominion have been content to be mere spectators of the splendours of military pomp and ceremony. It is true being carried away by the altar, and the wedding ceremony is a matter of course in the eyes of the girls. The girls in Canada there were no real soldiers—just dapper girls who could tell on the militia list and

Doomed to Suffering

NEEDER BY A FEW LIVES

CHARLES BARNETT, 21, 1909. "I suffered terribly from Biliousness and Dyspepsia for five years, was treated by physicians and took many remedies but got no relief. Then I took 'Shiloh's Cure,' and this medicine completely cured me when everything else failed. I still suffer from indigestion, biliousness and constipation. I strongly advise them to try this medicine. It is the best for all ailments. I have a box of \$1.50 or trial box, get it at once from Fruit-Cakes Limited, Ontario."
